INDEX TO VOLUME 15

JANUARY TO DECEMBER 1990

Frederick W. Pattison, MSLS, Indexer

SUBJECT INDEX

Abortion

Issue update: abortion (Rhodes) 289

Adolescence

Computer games to enhance adolescent sex education (Starn, Paperny) 250

Minor's refusal of treatment (Rhodes) 261

Grief of an adolescent when a sibling dies (Grogan) Part 2, 21

Privileged communication — talking with a dying adolescent (Pazola, Gerberg) Part 1, 16

Agitation, Psychomotor

Assessing and managing agitation in a critically ill infant (Gordin) 26

Anomalies

Biophysical profile for fetal surveillance (Gaffney, Salinger, Vintzileos) 356

Attention Deficit Disorders With Hyperactivity

Drug to ease attention deficit-hyperactivity disorder (Smitherman) 363

Biophysical Profile

Biophysical profile for fetal surveillance (Gaffney, Salinger, Vintzileos) 356

Blood Loss

Standardized assessment of blood loss (Lugenberg, Brophy, Arigue, Phillips, Flak) 241

Blood Transfusion

Risk of blood transfusions for premature infants (Wise, Lawrence-Nolan) 86

Breast Feeding

Device for supplementing breast-feeding (Edgehouse, Radzysinski) 34

Reminders for building confidence in breast-feeding moms (Heffern) 267

Buddy System

Buddy system to improve prenatal care (Helton) 234

Carcinoma

Cervical dysplasia and condyloma as risks for carcinoma: two case studies (Toole, Vigilante) 170

Cerebral Palsy

Rhizotomy surgery to relieve spasticity in young children (Phalich, Brun) 367

Cervical Dysplasia

Cervical dysplasia and condyloma as risks for carcinoma: two case studies (Toole, Vigilante) 170

Cervical Neoplasms

Treatment for cervical intraepithelial neoplasia and human papilloma virus 175

Change

Nursing on the move (ed) 315

Children

Button for gastrostomy feedings (Huddleston, Palmer) 315

Chronic Disease

Assessment of coping mechanisms used by parents and children with chronic illness (Austin) 98

Being related and separate: a standard for therapeutic relationships (Barnsteiner, Gillis-Donovan) 223

Clinical Nurse Specialists

Advanced practice nursing: a model of collaborative care (Gleeson, McIlvain-Simpson, Boos, Sweet, Trzcinski, Solberg, Doughty) 9

Clinical Nursing Research

Practice-research linkages and their power to change (ed) (Feetham) 221

Collaboration

Too busy for research? Collaboration: an answer (Lyons, Stein, Blackburn, Tribotti, Withers) 67

Computer Games

Computer games to enhance adolescent sex education (Starn, Paperny) 250

Contraceptives, Oral

Update on cancer risk and oral contraceptives (Sharts-Engel) 37

Coping

Assessment of coping mechanisms used by parents and children with chronic illness (Austin) 98

Copyright

Copyright consideration (Letters) 133

Cultural Nursing

Culturally sensitive support for grieving parents (Lawson) 76

Death

Privileged communication — talking with a dying adolescent (Pazola, Gerberg) Part 1, 16

Disposable Diapers

High environmental cost of disposable diapers (Primomo, Bruck, Greenstreet, Leaders, Pennylegion, Salazar, Ware) 279

Editorials [See also Guest Editorial]

Barriers of the mind 147

Clinical laboratory 65

Nursing on the move 345

Practicing nurses: credible leaders in designing and giving care 7

Enterocolitis, Necrotizing

Necrotizing enterocolitis; Part 1. Pathogenesis and diagnosis (Rushton) 296; Part 2. Treatment and nursing care (Rushton) 309

Environment

High environmental cost of disposable diapers (Primomo, Bruck, Greenstreet, Leaders, Pennylegion, Salazar, Ware) 279

Equipment and Supplies

Device for supplementing breast-feeding (Edgehouse, Radzysinski) 34

Ethics

Issues update: Baby Doe regulations (Rhodes) 379

Family

Interactional research: designs for families (Haller) 396

Postpartum depression as a family problem (Martell) 90

Problems in family assessment (Haller) 338

Family Health

Descriptive study of infants and toddlers exposed prenatally to substance abuse (Free, Russell, Mills, Hathaway) 245

Fathers

How fathers perceive perinatal death (Page-Lieberman, Hughes) 320

Fetal Development

Biophysical profile for fetal surveillance (Gaffney, Salinger, Vintzileos) 356

Fetal Diseases

Legal alternatives for fetal injury (Rhodes) 111

Fetal Injuries

Maternal liability for fetal injury? (Rhodes) 41

Fever, Acute

Rational management of a child's acute fever (Reeves-Swift) 82

Forecasting

Challenges for nursing in the new decade (Styles) 347

Graft vs Host Disease

Account of the progression of transfusion-associated graft-versus-host disease 87

Risk of blood transfusions for premature infants (Wise, Lawrence-Nolan) 86

Grief

Culturally sensitive support for grieving parents (Lawson) 76

Grief of an adolescent when a sibling dies (Grogan) Part 2, 21

Privileged communication — talking with a dying adolescent (Pazola, Gerberg) Part 1, 16

Guest Editorial: Practice, research linkages and their power to change (Feetham) 221

Health Education

Health promotion model for wellness education (Harrison) 191

Hearing Impairment

Minimizing barriers when teaching hearing-impaired clients (Harrison) 113

Illiteracy

Florida outreach for maternity patients with low literacy skills (Harrison) 361

In Brief (Department)

Infant kidnapping: it can happen in any hospital (Spadt, Sensenig, Sr) 52

Mother speaks to her nurse colleagues (Peller) 382

Reminders for building confidence in breast-feeding moms (Heffern) 267

Infant, Newborn, Death

A dream dies (Read-Siet) 258

Mother speaks to her nurse colleagues (Peller) 382

Infant, Premature

Necrotizing enterocolitis; Part 2. Treatment and nursing care (Rushton) 309

Risk of blood transfusions for premature infants (Wise, Lawrence-Nolan) 86

Infant, Newborn

Patient education in early postpartum discharge programs (Harrison) 39

Infant, Newborn, Diseases

Issue update: Baby Doe regulations (Rhodes) 379

Infant Nutrition

Device for supplementing breast-feeding (Edgehouse, Radzysinski) 34

Infants, High-Risk

Producing videos for home use by parents of high-risk infants (Consolvo, Wade) 178

Intensive Care, Neonatal

Assessing and managing agitation in a critically ill infant (Gordin) 26

Interactional Research

Characteristics of interactional research (Haller) 272

Interagency Council on Library Resources for Nursing

Guide to nursing archives 120

Interpersonal Relations

A mother speaks to her nurse colleagues (Peller) 382

Jurisprudence

Legal alternatives for fetal injury (Rhodes) 111

Kidnapping

Infant kidnapping: it can happen in any hospital (Spadt, Sensenig, Sr) 52

Lead Poisoning

In utero lead exposure (Brown, Belling, Matthews) 94

Leadership

Practicing nurses: credible leaders in designing and giving care (ed) 7

Leukemia

Pain relief during routine procedures for children with leukemia (Suderman) 163

Maternal-Child Nursing

Challenges for nursing in the new decade (Styles) 347

MCN Focus on Legal Issues (Department)

Carrying out physicians' orders (Rhodes) 193

Issue update: abortion (Rhodes) 289

Issue update: Baby Doe regulations (Rhodes) 379

Legal alternatives for fetal injury (Rhodes) 111

Maternal liability for fetal injury? (Rhodes) 41

Minor's refusal of treatment (Rhodes) 261

MCN Focus on Patient Teaching (Department)

Educational resources for Spanish-speaking patients (Harrison) 325

Florida outreach for maternity patients with low literacy skills (Harrison) 361

Health promotion model for wellness education (Harrison) 191

Minimizing barriers when teaching hearing-impaired clients (Harrison) 113

Patient education in early postpartum discharge programs (Harrison) 39

Strategies to facilitate inpatient education (Harrison) 255

MCN Keys to Research (Department)

Characteristics of interactional research (Haller) 272

Interactional research: designs for families (Haller) 396

Measuring nursing concepts (Haller) 58

Problems in family assessment (Haller) 338

Research instruments: assessing reliability (Haller) 140

Research instruments: assessing validity (Haller) 214

MCN Pharmacopoeia (Department)

National Vaccine Injury Compensation Program (Sharts-Engel) 109

Perussis vaccine: safety update (Sharts-Engel) 293

Phenobarbital for pediatric febrile seizures: risk-benefit update (Sharts-Engel) 257

Syphilis in pregnancy: Centers for Disease Control guidelines (Sharts-Engel) 355

Update on cancer risk and oral contraceptives (Sharts-Engel) 37

Update on pulmonary surfactant replacement for neonates (Sharts-Engel) 189

Measurement

Measuring nursing concepts (Haller) 58

Medical Treatment

Minor's refusal of treatment (Rhodes) 261

Mental Retardation

Sharing a common vision: a parent's view of quality health care (Cole) 371

Meta-Analysis

Meta-analysis of the effects of nursing interventions on children and parents (Olson, Heater, Becker) 104

Methylphenidate

Drug to ease attention deficit-hyperactivity disorder (Smitherman) 362

Models, Theoretical

MCN Model for nursing diagnosis to focus intervention (Starn, Niederhauser) 180

Mothers

Maternal liability for fetal injury? (Rhodes) 41

National Vaccine Injury Compensation Program

National Vaccine Injury Compensation Program (Sharts-Engel) 109

Neonatal Intensive Care Unit

Necrotizing enterocolitis; Part 1. Pathogenesis and diagnosis (Rushton) 296

Neonates

Button for gastrostomy feedings (Huddleston, Palmer) 315

Neoplasms

Update on cancer risk and oral contraceptives (Sharts-Engel) 37

Nurse Practitioners

Advanced practice nursing: a model of collaborative care (Gleeson, McIlvain-Simpson, Boos, Sweet, Trzcinski, Solberg, Doughty) 9

Nurses

Nurses and the double duty standard (Ward) 149

Nursing Assessment

Assessment of coping mechanisms used by parents and children with chronic illness (Austin) 98

Problems in family assessment (Haller) 338

Nursing Diagnosis

MCN Model for nursing diagnosis to focus intervention (Starn, Niederhauser) 180

Necrotizing enterocolitis; Part 1. Pathogenesis and diagnosis (Rushton) 296; Part 2. Treatment and nursing care (Rushton) 309

Nursing Intervention

Barriers of the mind 147

MCN Model for nursing diagnosis to focus intervention (Starn, Niederhauser) 180

Nursing Research

Clinical laboratory (ed) 65

Measuring nursing concepts (Haller) 58

Too busy for research? Collaboration: an answer (Lyons, Stein, Blackburn, Tribotti, Withers) 67

Pain

Development of pain perception 270

Influences on nurses' management of pain in children (Broome, Slack) 158

Pain relief during routine procedures for children with leukemia (Suderman) 163

Parenteral Feeding

Button for gastrostomy feedings (Huddleston, Palmer) 315

Parents

Sharing a common vision: a parent's view of quality health care (Cole) 371

Patient Education

Strategies to facilitate inpatient education (Harrison) 255

Perinatal Death

How fathers perceive perinatal death (Page-Lieberman, Hughes) 320

Peripart

MCN
